Dear Mr Thompson:

I want to thank you for the work your company did on our projects down in the Rochester area. The workmanship was excellent. We are confident that the house and duplex will be well protected from the elements as a result of the care your crew took in installing the siding.

We are fully satisfied with the siding product. I am sure the products that we purchased will last a long time and give us a good return on our investment. We feel completely confident in recommending your company for siding installations. If any of your prospective customers would like a reference feel free to have them give us a call.

Sincerely,

Larry Johnson
President
